Engineering Technical Order

Refurbishment of NEXRAD Transmitter (UD3), Modification Note 194

This document provides the responsibilities and tasking's for the local site technician and defines the responsibilities and tasking for the refurbishment contractors. At the time of transmitter refurbishment, a team of 2 to 3 contractors from RX3/RCI Communications will arrive on-site. The team will meet with local site personnel and assess the status of the radar, specifically the transmitter, and begin work on the refurbishment of the transmitter.
