MEMORANDUM FOR: W/OPS15 - Olga Kebis  
General Engineer, NWS Safety Program

FROM: W/OPS4 – Edward L Berkowitz  
Chief Program Branch

SUBJECT: Annual Certification of WSR-88D Lockout/Tagout

This letter certifies the 2010 validation of the Lockout/Tagout procedures contained within the WSR-88D suite of manuals.

This inspection was performed on the following manuals:

EHB 6-503-2, PMI Work Cards  
EHB 6-511, Transmitter Manual  
EHB 6-515, RDA Maintenance Manual  
EHB 6-517, Pedestal Manual  
EHB 6-550, Single Thread RPIE Manual  
EHB 6-553, Redundant RPIE Manual

These procedures have been reviewed and performed as part of the Radar Operations Center Standard updates to the manual. I certify that each procedure is correct.
